Our Services

After 10 to 15 years, a boat's original gelcoat can start to lose its factory finish and become dull - regardless of the amount of polish applied. Tidewater Yacht Service is experienced in restoring boats' exterior surfaces. The answer to a long-lasting beautiful finish is either Awlgrip or Alexseal, two-part urethane products that provide a factory quality finish. Awlgrip and Alexseal can be applied to the hull, decks, masts and booms as well as most parts.

Reviews

Tidewater uses Interlux to help protect, beautify, and improve your boat's performance. Interlux boat paint solutions include antifouling, boat primers, yacht varnish & more. Earning the title of Maryland Clean Marina, we protect the environment as well as your boat.

Our features and advantage

With over 2000 permanent and transient slips, Baltimore's boating lifestyle continues to grow in popularity and size. Seeing this, Tidewater Yacht Service opened our doors in 1987 with a single mission: to provide the boaters of Baltimore with the highest level of repair and maintenance services available anywhere on the
